Simply Delicious

Three common ingredients make this tasty dessert that is simple to make. It has been a family favorite for over 20 years. A package of flavored gelatin, one cup of ice cream and one cup of water can be combined for a yummy dessert!

I happen to have black raspberry ice cream in our freezer that can be joined with a package of raspberry flavored gelatin.

Serves 2 people.

Ingredients

- (1) Package flavored gelatin (small box)
- (1) Cup ice cream
- (1) Cup of hot water

Method

1. In (1) cup of hot water, dissolve (1) package flavored gelatin in a bowl.
2. Stir until dissolved.
3. Add (1) cup ice cream.
4. Stir well until ice cream is dissolved.
5. Pour into individual serving dishes and refrigerate.

** Recipe may be doubled.

** Vanilla ice cream can be used with any flavor gelatin.

*** For Valentine's Day use strawberry flavored gelatin and ice cream!

Enjoy!!!
